John
We have narrowed down a date to October 18 at 2 pm at your Office in Dallas. Let me know if this is not a good time. I am putting together a list of people from FHWA, TxDOT, and Consultant who will be attending the meeting. I will forward that list when completed.
An agenda for the meeting will also be forwarded in advance.

John:

The Federal Highway Administration and TxDOT would like to schedule a meeting with your office to discuss this Harbor Bridge and the most effective way for our agencies to cooperate on this very important project. Please let me know if EPA is open to meeting with us on this project and provide timeframe that would best meeting your agency's schedule. We would plan to travel to your office for the meeting.

Please call me if you require additional information.

I look forward to working with you on this project.

thanks
greg
